

AJA eMini-Setup for Windows Release Notes - v1.2.1

Windows Control Software for AJA eMini Converters

General

This application is a simple utility for configuring the network settings on the AJA Mini-Connect, HELO, IPT-1G-SDI, IPT-1G-HDMI, IPR-1G-SDI and IPR-1G-HDMI.

Notes

New AJA Products Supported with this release of eMini-Setup

- IPT-1G-SDI
- IPT-1G-HDMI

New Features:

- "Open Web Page" button on network tabs opens a default browser window pointed to the selected AJA device's internal web server

Improvements:

- Support for the release of IPT-1G-SDI and IPT-1G-HDMI

Known issues:

- When user authentication is disabled using eMini-Setup, open login pages will not redirect automatically. On Mini-Connect, click the "Login" button with no password. On HELO, IPT-1G-SDI, IPT-1G-HDMI, IPR-1G-SDI and IPR-1G-HDMI, point the browser at the device's IP address to get back in.

- During install on Windows 7, the PC may search Windows Update for a driver for a long time (10 minutes) before completing successfully. To avoid this, run Windows Update before installing eMini-Setup.

Installing the Latest Software

eMini-Setup software can be found in the Software section of the support page for your eMini-Converter or from the Software section on www.aja.com:

<https://www.aja.com/family/software#eminisetup>

Firmware Upgrade Procedure

The manual provided with your AJA Mini-Connect, HELO, IPR-1G-HDMI, IPR-1G-SDI, IPT-1G-SDI or IPT-1G-HDMI describes the firmware update process; please refer to it in order to properly update your firmware. The product manuals are also installed with the software in the /AJA/eMini-Setup/Documentation/ folder.

Individual product manuals are available online for download from the Mini-Converter section of the AJA website:

<http://www.aja.com/support>

Products Supported In This Release

- Mini-Connect
- HELO
- IPT-1G-SDI
- IPT-1G-HDMI
- IPR-1G-SDI
- IPR-1G-HDMI
