Improvements

UDC

- Fixed a bug that was introduced with Mini-Config 2.25.0 that disabled the status LED function.

FS-Mini

- Fixed a bug that was introduced with Mini-Config 2.25.0 that disabled the status LED function.

Installing the Latest Software

Mini-Converters come from the factory with the most current version of firmware pre-installed. To get the latest version of Mini-Config, visit the AJA website support area and select your Mini-Converter from the list:

<https://www.aja.com/category/mini-converters#support>

The Mini-Config software can be found in the Software section of the support page for your Mini-Converter. Previous releases of the AJA Mini-Config software are also available in the Software Archive section for each supported Mini-Converter.

Firmware Upgrade Procedure

The manual provided with your AJA Mini-Converter describes the firmware update process; please refer to it, in order to properly update your firmware. The product manuals are also installed with the software in the /AJA/Mini-Config/Documentation/folder.

Individual product manuals are available online for download from the Mini-Converter section of the AJA website: <http://www.aja.com/support>

Technical Support

AJA Technical Support is free and available to help you answer questions or resolve issues with any of your AJA products.
